LANGUAGES AND TRANSLATION PROGRAM

The Language and Translation Program at Global Studies University was launched in 2023 through The Africa Institute as part of its broader commitment to advancing instruction in less-commonly taught and regionally significant languages. The program is offered in structured cohorts each Fall and Spring, ensuring consistent academic cycles and accessible entry points for learners throughout the year.

Since its inception, the program has expanded its offerings in Arabic, Amharic, Hausa, and Kiswahili for non-native speakers, integrating structured language acquisition with cultural and contextual learning. It emphasizes communicative competence and applied language use, preparing learners to engage effectively in multilingual and cross-cultural environments.

Introduction

Global Studies University (GSU), established by Emiri decree in 2023 by His Highness Sheikh Dr. Sultan bin Muhammad Al-Qasimi, is a postgraduate institution in Sharjah dedicated to advanced interdisciplinary study in the arts, humanities, and social sciences. Structured as a network of region-focused institutes, GSU builds on the foundation of The Africa Institute (est. 2018) and is preparing to launch The Asia Institute, with additional institutes for the Americas, Europe, and Oceania planned. Through these institutes, GSU cultivates a new generation of scholars equipped to engage critically with local, regional, and global issues, combining rigorous research, interconnected curricula, and the study of non-Western languages.

PROGRAM POLICIES AND TERMS

Our policies address enrollment, attendance requirements, active participation, age criteria, grading, and progression to advanced levels.

(a) Attendance Policy

Regular attendance is essential for student success in all classes. Students are expected to attend every class punctually. Each student may have up to nine (9) absences without it affecting their grade. If a student accumulates ten (10) absences (30% of a 12-week course), the Institute reserves the right to withdraw the student from the class, assigning a grade of WA (Withdrawal due to Absences).

We recognize that emergencies may occur. In such cases, students should email their instructor in advance to request an excused absence.

(b) Participation

Instructors will use a participation rubric to assess students' engagement in group classes. This assessment covers student preparation, in-class participation, and the use of the target language during each term. These criteria gauge student involvement in the communicative approach within the classroom. The rubric ensures that students actively practice speaking, listening, reading, and writing in the target language, while also fulfilling homework and exam requirements.

(c) Minimum Age Policy

To attend any language class at The Africa Institute, students must be at least 18 years old. However, individuals aged 15 to 17 can participate in a group language class if they provide signed approval from a parent or guardian or a signed letter of approval from their school.

(d) Grades and Transition to Next Level

The institute's policy for assessing student progress is based on grades. To pass the course and qualify for higher-level courses, students need to achieve a final grade of at least C (50%) or higher. Instructors keep a record of all student grades throughout the term and assign a final grade at the end of the class.

Attendance	15%
Class Participation	15%
Homework	20%
Tests and Midterm	30%
End of Course Assessment/Final Exam	20%
Total	100%

(e) Placement Tests

Students seeking to enroll in elementary (level 2), intermediate or advanced-level courses are required to complete a placement test to ensure they meet the necessary prerequisites. This assessment is provided free of charge. Continuing students are not required to take the placement test.

(f) Course Enrollment Requirement

Language courses are offered subject to a minimum enrollment of three students. The Africa Institute reserves the right to postpone, combine, or cancel a course if the minimum enrollment requirement is not met. Students will be notified accordingly and offered alternative enrollment options where available.
